

## PRODUCT INFORMATION SHEET

### Insulation stripper

#### Product description

Universal wire stripper for large-gauge round wires. Designed for installation work, mainly on low- and medium-voltage networks where conductors with diameters exceeding 25 mm are used.

#### Characteristics

- interchangeable/rotatable blade allows for work on both ends;
- designed for stripping insulation made mainly of plastic (PVC), but also polyethylene foam (PE), rubber (RR) and neoprene (RN);
- designed for stripping insulation from cable with diameters of > 25 mm;
- adjustable cutting depth within the range from 0 to 5 mm;
- possibility of cutting along and around the perimeter of the cable;
- a lever with a guide pinion for easier movement of the tool along the cable;
- resistant drum made of durable plastic;
- contoured, non-slip handle for comfortable grip.
