

PRODUCT INFORMATION SHEET

Crimping pliers for insulated ends

Product description

Self-tightening pliers for crimping ends of insulated electric wires. Used for installation and assembly work in electronic services, as well as in motor vehicle mechanics or telecommunications.

Characteristics

- for wire diameters from 0.5 to 6.0 mm² (20 - 10 AWG);
- specially shaped dies provide single-stage crimping;
- ratchet system with locking device for accurate clamping of tips;
- clamping force adjustment;
- high precision and repeatability of the clamp;
- total length of pliers: 220 mm;
- contoured, ergonomic handle for comfortable grip and use of the tool.
