

## PRODUCT INFORMATION SHEET

### Mobile tool box

#### Product description

A mobile tool box is a durable and convenient solution for any demanding user. It is equipped with large, rubber-coated wheels and an ergonomic telescopic handle, which significantly affects the comfort of use of the product. It can withstand a load of up to 50 kg. The mobile tool box can also be connected with other components of the modular boxes system. Designed for professional use. It is perfect for many sectors such as construction, industry, automotive and logistics.

#### Characteristics

- large, rubber-coated wheels for easy transport of the box;
- load up to 50kg;
- durable fasteners made of ABS;
- removable organizers optimize the usable space;
- handle in the cover for easy carrying;
- compatible with other elements of the modular boxes system.
