

PRODUCT INFORMATION SHEET

Heavy duty backpack

Product description

A heavy duty backpack made of durable 600D polyester is synonymous with solidity and unrivalled space organization. Its specialized chambers and numerous compartments will make it a must-have for every professional, and advanced design solutions will ensure durability for years. The key feature of this backpack is its extensive pocket system, designed for maximum organization of your items. The external pocket, closed with a solid zipper, has 8 compartments for small items, allowing for easy access and segregation of contents. The main pocket of the backpack is equipped with four compartments and an additional zippered pocket, offering space for larger items and additional security for valuables. A unique element is a detachable organizer with 75 compartments for small items, which will allow you to keep order among small accessories and tools.
