

PRODUCT INFORMATION SHEET

Brass wire brush, 5 x 11

Product description

The brush is intended for removing rust, paint, varnish, weld, and impurities mainly from surfaces made of non-ferrous metals.

It is made of a brass wire that is permanently embedded into the plastic body.

The grip is profiled so that you can easily hold it, which improves cleaning effectiveness.

Characteristics

- Socket arrangement – 5×11;
- wire material – brass;
- total length – 180 mm;
- wire length – 15 mm.
