

## PRODUCT INFORMATION SHEET

### Inox wire brush with a scraper, 4 x 11

#### Product description

The brush is intended for removing paint, varnish, weld, and impurities mainly from stainless steel surfaces. A hard plastic scraper installed at the top of the head facilitates and accelerates work. It is made of an INOX, elastic, and stainless steel wire that is permanently embedded into the plastic body. The grip is profiled so that you can easily hold it, which improves cleaning effectiveness.

#### Characteristics

- Number of wires per socket – 14 pcs;
- socket arrangement – 4x11;
- wire material – INOX steel;
- total length – 290 mm;
- wire length – 30 mm.
