

PRODUCT INFORMATION SHEET

SMD LED FLOODLIGHT 18V

Product description

- Device for illuminating large areas during painting, renovation, etc. Excellent for construction and workshop use.
- Ability to power with a battery or cable provides great independence from the energy source and versatility of use.
- Rotating head with a 360° working angle directs light to the chosen spot.
- Three lighting modes: 100%, 50% power, and flash allow for universal use and adaptation of the floodlight to specific needs.
- Maximum power of 2400 lm provides high light output.
- Operation up to 7 hours with a 4 Ah battery allows for long device operation.

Characteristics

- Max light output: 2400 lm.
- Max operating time: 7 h (4 Ah battery, 50% power).
- 3 modes of operation: 50%, 100%, flash.
- Head rotation: 360°.
- Light color: 6500 K.
- Weight: 1.35 kg.
- Battery sold separately.
- EAN code: 5902801489655.
- 3-year warranty upon device registration.
- OneAccuSystem.
- Voltage: 18 V.
