

PRODUCT INFORMATION SHEET

Impact adapter set for 1/4" sockets, 3 pcs.

Product description

The Impact Adapter Kit allows you to quickly and conveniently connect mechanical sockets to power tools equipped with a 1/4" HEX handle. This is a practical solution for professionals and DIYers who need flexibility when working with different socket sizes in tools such as impact drivers or drill drivers.

characteristics

- Allows the use of 1/4", 3/8" and 1/2" sockets with power tools equipped with a 1/4" HEX handle;
- the safety ball protects the caps from accidental disconnection during operation, which increases safety and comfort of use;
- made of **heat-treated alloy steel**, which guarantees high resistance to shock loads and extends the durability of the adapters;
- the oxidized surface protects against corrosion, which translates into a long product life in difficult conditions;
- It allows you to quickly switch from screwdriver to attachment work without having to change tools, reducing working time and increasing efficiency.

Characteristics

- Adapters for 1/4", 3/8" and 1/2" impact sockets with 1/4" HEX chuck;
- For screwdrivers, impact wrenches and drill drivers;
- For workshop, service and domestic applications.
